

JOB POSTING no. KAP-2019-02

Generating Station Laborer, Part-time Position - Kapuskasing

Hydromega Services Inc., an independent renewable energy producer, owns and operates four hydroelectric generating stations on the Kapuskasing River near the town of Kapuskasing, Ontario, one hydroelectric generating station on the French River near the Dokis First Nation, Ontario and one dormant cogeneration facility in Cochrane, Ontario. Hydromega is currently looking for a qualified candidate to fill the position of Generating Station Laborer on a part-time basis for its Kapuskasing location. The position will be effective as soon as possible.

Under the authority of the Manager – Operations & Assets Management, the Generating Station Laborer, part-time position will be required to help in many facets of the operation of the hydro generating stations such as:

- To perform general cleaning tasks in the generating stations and at the control center;
- To perform outside cleaning, painting, improvements to buildings and grounds;
- To remove snow accumulation in winter time;
- To perform debris removal at the intake of the generating stations;
- To re-stock consumables;
- To support the other crew members in the daily activities;
- To help in the maintenance of the power generating equipment;
- To perform vegetation control by means of brushcutting, chainsaw and clearing along a transmission line right-of-way and along the road sides (ditches) belonging to Hydromega;
- To maintain road access and culverts;
- To maintain and perform minor repairs to equipment;
- To perform any other task assigned by the Company.

Candidate profile

- Grade 12 diploma;
- Basic knowledge of safety procedures;
- Mechanical and electric background is a strong preference;
- Capable of doing heavy physical work at times;
- Shows the profile of a “handyman”;
- Excellent communication skills in French and English – written or spoken.

Attributes

- Plans and executes his work autonomously;
- Can work in a remote area;
- Shows much alertness, rigor and precision in his work;
- Works with method, knows how to organize his tasks and information, manages priorities;
- Is proactive, knows how to anticipate problems;
- Is not disturbed by unanticipated situations and adapts to urgent situations;
- Shows a desire for team work;
- Meets the physical requirements of the work such as working in deep or high places as well as in confined spaces;
- Possesses a valid driver's license with a record in order permitting proper insurance policy;

The Generating Station Laborer, Part-time position hours may swing considerably, ranging from nothing to a full 40hrs per week based on the needs of Hydromega and the availability of the candidate. The Generating Station Laborer, Part-time position will normally work regular day hours but may be asked from time to time to work overtime and provide 24h/day on call coverage. Weekend work may be required.

A competitive salary will be offered to the suitable candidate.

Candidates who wish to apply may do so by sending their Resumé, along with an introduction letter, to the following e-mail address: general@hydromega.com. Please make sure to reference the job posting number in the object of your e-mail
